Abraham Kriel Emdeni Children's Home

Abraham Kriel Childcare in Johannesburg makes a meaningful difference in the lives of 800 children in their care as well as affected and involved families and communities by: Providing a wide spectrum of appropriate services; protecting the rights of the child; using employees that are motivated, satisfied and fairly remunerated; and generating and managing sufficient funds to reach their goals.

The Gray Swan Charitable Trust has provided monthly financial assistance to Abraham Kriel for almost 10 years. The contributions help with providing a balanced diet, water & lights, a home to live in, school fees, transport, loving house parents, a safe play area and therapy.

Currently there are other requests that donors can assist with. While many of the children have the opportunity to visit with family or holiday friends during the school holidays, many will stay behind at the children's home. For these children, Abraham Kriel would still like their holiday to be fun and exciting. Here are ways you can help:

Holiday outing R200 will allow a child the opportunity to go on 2 fun outings to stimulate their minds during the holidays.

Christmas meal R100 will ensure that each child and their childcare worker will enjoy a scrumptious meal on Christmas day.

Donations
